# Saving Lives and Creating Safer Roads for Our Community

Planning has begun for the 2<sup>nd</sup> annual golf outing hosted by the DUI Court Foundation of Williamson County. We are looking forward to another great event! Your past sponsorship helped save lives and made our community safer by providing for recovery services for our neighbors living with addiction.

Your continued support offers DUI Court participants an opportunity to discover their true self, self-worth, and self-love. Just as the impact of addiction extends well beyond the individual, so does your sponsorship. As a participant changes their life with the help made possible by your contribution, they also restore healthy relationships, end generational disorders, become a positive member of their family and our community, and increase public safety by not driving while impaired.

There are a several levels of sponsorship from which to choose. Whichever level you select will go a long way in support of our mission. Our financial goal for this event is to raise \$50,000 to contribute to the life-saving work done by the DUI Court. Your sponsorship will also immeasurably help us raise awareness about the realities of addiction and recovery treatment.

*"DUI Recovery Court has provided the structure, accountability, and support I so desperately needed to escape the bondage of addiction."*

Addiction is a "thief" that robs the individual, their loved ones, and our community of reaching the fullest potential. Most people living with addiction want a different way of life; they simply do not know how to make it happen on their own.

Addiction does not discriminate; DUI Court participants come from all "walks of life". Regardless of socioeconomic status or professional background, *addiction is so prevalent that very few people can honestly say it has not touched their life in some way.* This is exactly why your contribution is so important.

Your sponsorship will provide an opportunity to those who clinically and legally demonstrate a pattern of addictive behavior that is not traditionally available through the judicial system. Using evidence-based practices and a holistic treatment approach, the DUI Court ***significantly decreases the likelihood a participant will ever again drive while they are impaired.*** As such, your contribution may save your life or the life of a loved one.

Gratefully

DUI Court Foundation President

# Frequently Asked Questions

**Why don't people just stop drinking or using drugs? Addiction is not simply a choice; it is a chronic disease that is cunning, deceitful, and destructive. Addiction is a "thief" that robs one of their ability to reason. Most people want to stop, they just do not know how to on their own.**

**Does the program offer offenders an easy way out of serving jail time? NO! Participants serve jail time. After jail, some enter inpatient or intensive outpatient treatment; all complete an intensively supervised probation sentence for a period of time determined by the District Attorney's Office. Additional jail time may be ordered as a sanction for program violations.**

**Are participants held accountable for past offenses? YES! Their jail time is determined by the number of previous convictions.**

**Are candidates screened before being accepted into DUI Recovery Court? YES! They must first be "approved" for the program by the District Attorney's Office who conducts an extensive background check. Then they are interviewed by the Probation Office and Court staff in addition to clinically assessed by the Treatment Provider.**

## Eligibility Guidelines

- Currently charged with two pending DUI 1<sup>st</sup> offenses - or -
- Currently charged with DUI 2<sup>nd</sup>, 3<sup>rd</sup>, or 4<sup>th</sup> offense - or -
